

Comprehensive Exam Approval

Purpose: This form officially documents the passage or failure of each element of the comprehensive exam.

Procedure: Students completing their comprehensive exam should print this form and take it with them to their oral presentation. At the end of the oral presentation, the members of the comprehensive exam committee will confer and come to a consensus on if the student successfully completed each of the elements below. The student and the committee members will sign the completed form and return it to the program coordinator. **The oral presentation and submission of this form must take place on or before the last day of final exams so a grade can be entered.**

- If all elements are successfully completed the student will be assigned a grade of P on COMPUT 691.
- If a student does not successfully complete all elements of the exam they must complete the Report of Failure of Comprehensive Examination form available on the Graduate College website.
- Students may request to attempt the comprehensive a second time. Please refer to the comprehensive exam policy, and contact the program coordinator for guidance.

Comprehensive Exam Elements: Committee members should refer to the Comprehensive Exam Policy when determining successful completion of the elements below.

Embargo: Comprehensive exam papers are only shared internally with students and faculty in the program. However, faculty and students may request a 1 year embargo period before papers are shared.

☐ Check this box to request a 1 year embargo.

Element	Pass/Fail	Element met by masters thesis – ATTACH EXPLANATION
Synthesis Paper		<input type="checkbox"/>
Computing Artifact		<input type="checkbox"/>
Oral Presentation		<input type="checkbox"/>
